

PUTNAM AND SCRIBNER CASES TO BE TRIED AT THIS TERM

Mack Lee and Frank Scribner Ar- ranged Today on Indictments Charging the Murder of Zeke Putnam.

At four o'clock this afternoon Mack Lee and Frank Scribner were arraigned before the district court and grand jury indictments were read charging them with the murder of Zeke Putnam, at Allen, several months ago. Dan Scribner and Ed Johnson were carried away today for safe keeping, and when they will be returned is not known.

The present status of the case appears to be, as developments are brought to light, that Dave and Ed Johnson, Dan, Andy John and Frank Scribner and Mack Lee with possibly another arrest to follow, were charged with the murder of Zeke Putnam and Mrs. Frank Scribner, the theory being that Mrs. Scribner was murdered by reason of her knowledge of the Putnam case.

In Oklahoma, complicity in murder carries the charge of murder on the indictment, and just what the plot will reveal as to who committed the deeds and who were only accomplices will not be known until the trial takes place in the district court, even if those now indicted should be proven guilty. Dave Johnson was released yesterday from the county jail, and it is understood that the grand jury failed to find any evidence to hold him. It is reported on the streets, in fact, that Ed Johnson made a complete con-

fession to the grand jury, implicating himself and the others held, but not implicating Dave. It is understood that his confession throws light on both the Putnam and Scribner cases.

When Lee and Scribner were arraigned this afternoon Judge Rainey issued an order extending the term of court three weeks. The civil docket, which would have been reached at the end of this week, was moved up three weeks in consequence, in order that the hearing of criminal cases might continue. County Attorney Wimbish announced that the day of trial for the cases of Lee and Scribner would be announced tomorrow.

On last evening there was a persistent, but undoubtedly an unfounded, rumor to the effect that mob violence was imminent, and for safety a few extra men were summoned to keep watch at the jail. This no doubt accounts for the fact that two of the accused men were spirited away today. Ada officers are taking no chances since the recent tragic affairs in this county and this is one reason why the channels of publicity have been clogged.

Whatever news which purports to be the facts regarding these important cases are of vital importance to the people, and those which will do no one an injustice will be published from time to time.

BIG PACKING PLANT COMING TO OKLAHOMA

MORRIS PACKING CO., OF CHIC-
AGO, TO LOCATE \$3,000,000
PLANT IN OKLAHOMA
CITY.

Oklahomans Get in the Harness as
Unusual and Land a Proposition
That Means Much for the
State.

Thomas H. Wilson, vice president of the Morris & Company, packers and meat shippers, returned to Chicago yesterday afternoon to tell his firm that Oklahoma City had accepted the company's offer to build a \$3,000,000 packing plant in Oklahoma City. He also will tell the principals of the concern that Oklahoma City met every condition imposed and stands ready to do more if occasion demands. He will be able to tell the company that the \$300,000 cash bonus which the company required was assured after these terms had been before the people in a citizen's mass meeting but 30 minutes.

The great mass meeting was called

ed yesterday morning at 10 o'clock and before the noon hour more than \$300,000 had been subscribed by citizens in amounts ranging from \$100 to \$40,000.

Before the meeting adjourned committees were selected to continue the solicitation in the afternoon to raise the amount to \$400,000 for good measure.

Estimates of what this means to the state, to say nothing of Oklahoma City, are conservatively summed up as follows:

Estimated increase of \$10 per acre on 4,241,613 acres of corn land and 180,000 acres of alfalfa land, \$44,216,130.

Saving of 10 per cent to stock men shipping to Ft. Worth and Kansas City on yearly shipments of \$7,059,480 worth of cattle, \$3,668,800 worth of hogs, \$26,400 worth of sheep and \$681,166 worth of poultry, \$11,435,840.

Estimated increase of 2 per cent on 17,296,791 acres of lands valued at \$220,745,647, \$4,414,912.

Estimated increase on \$4,197,942 swine production in Oklahoma annually \$1,000,000.

Estimated increase in \$50,000 sheep production in Oklahoma annually, \$10,000.

Estimated increase in revenue for all roads leading into Oklahoma City, \$5,000,000 annually.

Ft. Smith and Western railroad will be immediately completed into Oklahoma City, all towns along proposed route being given better shipping facilities.

Field crop acreage of state, 8,666,907; will be increased 25 per cent.

National bank deposits of \$36,142,095 and state bank deposits of \$29,448,970.96 will be increased 25 per cent in two years.

The Morris Packing Company is one of the largest on the continent, being a member of the "big three," and with Armour and Swift control a combined business estimated at \$100,000,000. Their coming to Oklahoma City means that the ice is broken and that others will follow.

Tomorrow Saturday and Monday you will see bargains in ladies vests, linen towels and many other items at special prices. Remember the place Grand Leader, Ada.

ADA LABORING CITIZENS STRIKE FOR TWENTY-FIVE CENTS AN HOUR

Fifty-five Men Quit Work on Public Works; Hold Meeting; Organize Union. Mayor has to Effect Agreement. Labor Meet- ing Tonight.

Yesterday morning the first work on the mammoth improvements and public utilities to be constructed in Ada this year was begun with a force of fifty-five men being employed in ditching on 12th street being the primary work in the construction of the sewerage system.

Mr. Fitzgerald placed this crew of men at work at the agreed price of a scale ranging from fifteen to twenty-five cents an hour both inclusive, it being the contractor's intention, so it is stated, of paying within this scale, but determining the amount which should be paid by the amount of labor performed.

This morning the fifty-five men employed went on a strike, demanding in settlement before they would consent to return to work that they should be paid at the rate of twenty-five cents an hour for eight hours work. Their request not be complied with, a meeting was held in the Eagles hall when a co-operative organization was perfected.

This meeting was declared an initial one preparatory to restoring the old local American Federation of Labor charter. Another meeting composed, in a large measure, of the laboring interests of Ada, is proposed for tonight, when it is understood that a labor union in all details will be perfected and that immediate steps will be taken to secure the rejuvenation of the former labor union. It is also related that a vote will be taken tonight to determine the attitude of laboring men toward returning to work on the proposition which has been submitted by Mr. Fitzgerald, the builder of the sewerage system. The Hon. Lem Little, Mayor of Ada, has been endeavoring all day to secure an amicable agreement between the laboring citizens and the contractors, but it was thought this afternoon that there could be obtained no definite accomplishment in such direction until after the meeting of the laboring citizens this evening. Mr. Little is to be commended for his earnestness in the undertaking to secure the resumption of work in the construction of Ada's much needed public utilities. Mr. Fitzgerald, contractor,

expressed himself as being desirous of securing the citizen's consent to return to work for the rest of the week at the scale of 17 to 25 cents when he could determine what each man's value as a workman would be, he claiming that thereby, at the time a union should be formed, he could determine whether or not he would be able to meet its demands.

There is considerable fear among the citizens of the city generally that a failure to reach an early amicable agreement will result in the contractor bringing into Ada a ditcher, which it is claimed he has in hand. It is stated that this ditcher will do the work of forty-five men and that, with its operation on the streets, there will only be required about fifteen additional men in all to do all the ditching and evacuation necessary. The contract to construct the sewerage system was for \$32,000. It has been estimated that the amount of ditching will amount to \$16,000, therefore, it can be readily seen the importance of keeping a ditcher or whatever this labor sacrificing machine may be called out of the city.

It is to be hoped that the men employed on the public works in this city will secure right wages and right hours, that an early agreement may be perfected and that work may be resumed without delay on the streets.

Mr. C. W. Adams, whom it is said, is lately from Indiana, appears from the information in hand to be the leader of this morning's strike movement. He was an employee, so it is stated, at the cement plant. It appears that there was some trouble between him and his employers at this mill. Mr. Adams was elected president of this morning's meeting of laboring citizens.

The above report of this morning's strike is based in principal part on hearsay, for it was impossible during the hour the writer had the proposition up to locate either Mr. Fitzgerald, the contractor, Mr. Adams, a leader in the strike movement, or Hon. Bob Rowland, the attorney for the strikers.

PAY FINES IN THE CITY COURT AND THEN VAMOOSE.

Many Declare Against Spotters of Uncertain Character, but It is Declared That Sheriff's Office Will Be Put in Sausage Mill if Don't do Duty.

Following the arrest and sensational trial of Mrs. Edith Davis in the city court last Tuesday, and subsequently the arrest of Mr. C. W. Brackman, who submitted his case and paid fines for both, the couple have packed their chattels and departed.

Mrs. Davis was arraigned Tuesday on a charge of prostitution and found guilty. Mr. Brackman was also arrested on a charge of consorting with a prostitute, and his trial was to have occurred yesterday but was continued, pending a decision of Mrs. Davis' attorney on what course to pursue relative to an appeal to the county court. Mr. Brackman, however, decided later to submit his case and pay the required fines in both cases, which he did this morning through his Ada constituency. The fines and costs in both cases amounted to \$45.10.

It is stated that the Law and Order league will be rejuvenated and that the entire pressure of its influence will be brought to bear on the sheriff's office in the undertaking to secure the strict enforcement of the law.

TO THE PENITENTIARY.

Eight Prisoners Are Taken to McAlester This Morning.

Sheriff T. J. Smith and deputies John Chapman and Bob Nester left on the south bound Katy train today with eight prisoners in custody who have been sentenced at this term of court to serve terms of various lengths in the state penitentiary at McAlester. In addition to these eight they also carried Dan Scribner and Ed Johnson there for safe keeping.

The names of those who have penitentiary sentences, their crimes and their terms are as follows:

VISIT OKLAHOMA CITY

Dr. and Mrs. LeFevre Will Attend
the Oklahoma Field Meet To-
morrow.

Dr. and Mrs. Frank LeFevre went to Oklahoma City this afternoon, where they will witness the event of the Oklahoma big field day tomorrow. One of the interesting features will be the ball game between Epworth University at Oklahoma City and the State University at Norman. Sam LeFevre, the athlete and young Hercules, will pitch the game for Epworth. It is conceded in advance that Sam will carry off the honors in several of the single effort contests. He is at this time probably the longest disk thrower in the United States.

TEMPERANCE RESOLUTIONS AT LOUISVILLE

BAPTIST CONVENTION DEALS THE LIQUOR TRAFFIC A STRONG BLOW.

The Saloon Has No Place in Civiliz- ed Communities Say Con- vention Delegates.

Probably the strongest temper-
ance resolutions ever passed in this
country were those submitted to the
Baptist National convention just
closed at Louisville, Kentucky.
The report of the committee on
temperance was read by D. E. Folk
of Nashville, as follows:
"There is expended every year for
strong drinks something over \$2,000-
000,000. Among the results of this
traffic in intoxicating liquor are the
loss of 100,000 lives each year, 95
per cent of the murders in the coun-
try, 75 per cent of all crimes, 75
per cent of the divorces and 45 per
cent of insanity. With such results
can anyone expect the followers of
Christ to sit by and see this traffic
continue without offering any pro-
test against that traffic and doing
everything to destroy it? Whoever
so expect simply does not understand
the genius of christianity, whose fun-
damental policy is extermination of
the bad as well as the upbuilding of
the good."
"To the task of destroying this
traffic, that it may no longer be, as
it has been the greatest obstacle to
the progress of the kingdom of our
Lord, the churches of Christ have
concentrated themselves and will ne-
ver cease their efforts until every
vestige of the accursed traffic is
abolished from our land."
"We are glad to report that six of
the fifteen states comprising the ter-
ritory of this convention have al-
ready abolished the traffic entirely
from their borders, while all the oth-
ers have abolished it from a large
proportion of their territory. We con-
fidently expect the time to come
soon when every vestige of this li-
quor traffic shall be abolished from
every part of every state in the
boundaries of the country."
"That the traffic, and especially its
concomitant representative, the sa-
loon, has no place in a civilized com-
munity, no business in a christian
country. It is an anachronism, a
barbarism. From a moral, religious,
scientific, economic and political
standpoint, the saloon has not one
redeeming feature. It is a parasite,
a nuisance, the center of all vice,
the radiating point of all evil influ-
ences, the breathing home of the
devil, a monster of injury, iniquity
and impurity."
"Saloon Must Go."
"The saloon has sinned away its
day of grace if it ever had any, and
now the times has come when the
saloon must go."
"But how? Temperance means three
things.
"1. The moderate use of that
which is good.
"2. Total abstinence from that
which is bad.
"3. Helping others to abstain. We
may help others in two ways—by le-
gal suasion and by moral suasion.
Moral suasion means keeping the boy
out of the way of temptation. Legal
suasion means keeping temptation
out of the way of temptation. It is
a better thing to keep temptation
out of the way of the boy.
"To the end that the liquor traffic
may be abolished, we recommend:
"1. That we cordially commend
the effective work of the Anti-Saloon
League and other organizations seek-
ing the suppression of the traffic and
give to them our co-operation and
support to the extent of our ability.
"2. That we earnestly request the
proper officials of our National gov-
ernment not to issue privilege taxes
for the sale of liquor where its sale
is prohibited by the laws of the
state.
"Dry Territory Shipments.
"3. That we urge our Senators and

representatives in congress to pass
some effective measure besides the
amendment to the penal code adopted
by the late congress to prevent the
shipment of liquor to dry territory.
"4. That standing committee on
temperance be appointed to report at
the next session of the convention,
and that a report on the subject be
made a part of the regular order of
business of the convention.
"5. That we urge people every-
where not to vote for anyone for
any office who is known to be in
sympathy with liquor traffic.
"God hasten the day when the li-
quor traffic shall be completely abol-
ished from our Southland, our coun-
try and from all the world."
Dallas Man Reads Report.
M. H. Wolfe of Dallas, Tex., a busi-
ness man who has given largely of
his time and means to the Baptist
laymen's missionary movement, read
a report of the committee on system-
atic beneficence at today's session.
The report urged that church mem-
bers give regularly of their means
every week. Though they have twelve
months in which to make their con-
tributions, one-third of the receipts
for the church are given in April, the
last month of the church year.
The rosters of the mission boards
approved and adopted at the ses-
sion include:
Foreign mission board, Richmond,
Va.; President, J. B. Hutson, Virgin-
ia. State vice presidents include: W.
F. Yarborough, Mississippi; J. L.
Gross, Texas; Sam H. Campbell, Arkan-
sas; A. E. Reimer, Louisiana; T.
B. Harrell, Oklahoma.

NATIONAL BANKS DECREASING.
Statement April 28 Shows 242 as
Against 309 May 14, 1908.
Washington, May 19.—The state-
ment of the National banks of Okla-
homa at the close of business on
April 28, shows that there are but
242 National banks in the state
against 309 banks on May 14, 1908.
Since the bank statement of Feb. 5,
sixty-seven National banks gave up
their charters, presumably to become
state guaranty banks.
The change in the principal items
of the Oklahoma banks since the state-
ment of Feb. 5 and one year ago May
14, 1908, are as follows:
Individual deposits, loss of \$721,973
since previous statement, but a gain
of \$651,339 over last year.
Loans and discounts, decrease of
\$635,300 since previous statement and
loss of \$1,085,890 over last year.
Total resources, loss of \$3,060,865
since Feb. 5 and loss of \$2,422,456
since May 14, 1908.
The statement of the Texas Nat-
ional banks outside of the six re-
serve cities shows an increase of
nearly \$3,000,000 over the statement
of Feb. 5, but the individual deposits
show a decrease of more than \$6,
000,000 since the previous state-
ment. The total resources also show
a decrease of approximately \$5,000-
000. This report is based on the re-
port of 493 banks as against 492
banks reporting in February.
GAMBLING DIVE RAIDED.
**Officers Fail on Arrests But Para-
phernalia Is Burned.**
Chief of Police George Culver and
deputies W. W. Naylor and Joe Foster
last night raided the gambling
apartments in the Breckenridge
building on Broadway. They failed to
make any arrests for the reason that
the participants had not all arrived
and the game had not started, but
the paraphernalia was burned on the
street. The officer who was inter-
viewed stated that he was not in-
formed as to the identity of the person
who was conducting the place or to
whom the equipment belonged. While
no one was caught in the act, the
remains on Broadway are significant,
for beneath an ash heap can be seen
a molten mass of poker chips and
the surviving remnants of a deck
of cards.
Horse Thieves Captured.
Oscar Collins, deputy sheriff will
arrive here tomorrow from Pauls
Valley with the Lee brothers, who are
wanted here on a charge of horse-
stealing. They were arrested by the
authorities in Pauls Valley and placed
in jail to wait the action of Pon-
totoc county officials. The crime
with which they are charged was
committed in this county several
months ago.

his office and in the office of the
city clerk. Each bid must be ac-
companied by a certified check, equal
to five per cent of the bid, which
check will be forfeited to said city
in the event of the successful bidder
failing to enter into contract and exe-
cute a construction bond that is sat-
isfactory to the Mayor and city coun-
cil within the time as given in the
proposal. All bids submitted to the coun-
cil must be made upon blanks fur-
nished by the city engineer. The suc-
cessful bidder shall be required to
execute unto said city a good and
sufficient bond, equal to 30 per cent
of the contract price to guarantee the
faithful performance of said work.
Four per cent of said contract price
shall be paid unto said city for en-
gineering expenses. The said City
council reserves the right to reject
any or all bids, to waive defects and
to accept any bid.

Banks.**
Enid, Ok., May 19.—The sessions of
the State Bankers' Association today
have been full of interest. The ses-
sion this morning was opened by in-
vocation by Rev. Richard Kemp,
followed by an eloquent address of
welcome by Hon. Edmond Frantz,
which was responded to by I. M. Hal-
comb of Oklahoma City. President A.
D. Kennedy of Okmulgee made his
annual address and in it dealt
strongly in favor of harmony be-
tween the state and National banks.
The reports of the secretary and
Treasurer showed the association to
be in splendid condition. The after-
noon session opened with an ad-
dress by Hon. A. M. Young, State
Bank Commissioner, but the chief
interest centered in the address of C.
R. Breckenridge of Fort Smith,
whose subject was postal savings
banks. He was positively against that
system and did not believe it would
be a good thing for the people or
the government.
He touched on the guarantee law
and spoke at length on it. He ad-
vocated a guarantee, but does not be-
lieve that it should be by the gov-
ernment or state, but that it should be
by a corporation and that it should
be optional, mutual and co-operative.
His remarks were well received.
Tonight a grand ball is being given
at Lakewood Park in honor of
the visiting bankers and their lad-
ies.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. Cheney & Co., Toledo, O.

ADA'S NEW RAILROAD BUILT BY ADA PEOPLE

ADA TERMINAL RAILWAY CO. WILL START CONSTRUCTION IN FEW DAYS.

MEANS MUCH TO THIS CITY

Will Cost Ada Citizens Between \$20,000 and \$30,000 but All the Money Will Be Returned.

In order to get the O. C. railroad built into town, it will be necessary for the citizens to furnish the money necessary to build it, at least to the amount of twenty thousand dollars. For that purpose, it is proposed to organize and incorporate the Ada Terminal Railway Co., with a capital stock of thirty-five thousand dollars, twenty-thousand of which will be necessary for the citizens of Ada to take. The Ada Terminal Railway Co. it is proposed will then make a contract with the receiver of the O. C. R. R. Co., whereby he is to operate this branch of the road from the main line into town in connection with the O. C. railroad.

To every person subscribing to the capital stock of the Terminal Railway Co., for all money paid in he will receive coupons issued by the receiver of the railway company, which will bear interest at the rate of 8 per cent and be redeemable by the receiver of the O. C. R. R. Co., or by his successor or the purchaser of said railway in the event it should be sold. Under this contract with the receiver, for the purpose of redeeming these coupons, one-half of the O. C. R. R. Co.'s part of all receipts in and out of Ada is to be applied to retire these coupons and such interest as may accrue on them.

For the purpose of seeing that the subscribers to the Terminal Railway Co. are safe and fully protected in subscribing and paying their money in to the Terminal Railway Co., the firms of Flynn & Ames, of Oklahoma City and McKeel & Duncan of Ada, have been employed and they are now going over the papers for that purpose.

By this method the O. C. can be built into the town without any actual expense to the people as the coupons issued by the railway company will be safe and good for the return of the money expended, as well as 8 per cent interest on same.

The charter for the Ada Terminal Railway Co. is now in force of preparation and will be filed with the secretary of state in a few days. The question of securing subscribers to the stock of Ada Terminal Railway Co. will doubtless come up in a short time and the people will have an opportunity to show whether or not they want the O. C. built in to town.

It is estimated that the receipts of the office at Ada will in all probability pay back the money so expended within six months and it is absolutely sure it will do so in 12 1910.

A. H. Hartman was in the city prospecting for location yesterday.

Notice of Stockholders Meeting.

Notice is hereby given that at 4:30 o'clock P. M., Tuesday, June 8th, 1909, there will be held in the office of the Ada Savings & Loan Co., a stockholders meeting for the purpose of electing a board of directors and officers for the ensuing year Tom Hope, President; E. W. Hardin, Secretary. 46-15td

PERSECUTING THE GOVERNOR.

Action of Federal Government in Alleged Town Lot Fraud Cases Criticized.

Guthrie, May 18.—The attempt on the part of the federal government to persecute Governor Haskell and his associates is being severely criticized here. The latest move, that of dismissing a grand jury because they failed to see enough evidence to warrant a true bill, and the summoning of another grand jury in the hope that it will be more bidable is regarded by many as an unwarranted and tyrannical action. Every attempt of this character serves to strengthen the governor's hold upon the affection of the people, and even though the federal government succeeds in finding a jury that will finally do the will of the persecutors in this matter there is fear of an ultimate avicton.

If you need any lace curtains it will pay you to price lace curtains at the Grand Leader.

To Plead Own Case.

Kansas City, May 19.—"Judge, your honor, I pray you when it comes my time to testify for myself, I pray you please hear my humble testimony with patience, Amen."

This note was written in court here today by John Sharp, the religious fanatic, whose battle with the police here last December resulted in five deaths, and who is now on trial for murder. Judge Latschaw has promised Sharp that he will be allowed to plead his own case. It is expected a jury will be completed tomorrow.

One Dollar Will Make You Two in Glenwood

The Big Fortunes in Oklahoma have been made in City Property--not in one city alone but in dozens of them.

Ada is a comer--come along

The splendid growth of Ada is creating a constant demand for resident lots. This reason impels us to place on the market the beautifully located

Glenwood Addition

Located on the North side of Main street, four blocks west from business on high, well drained ground overlooking Glenwood Park to which the city has a deed and will immediately proceed to beautify with grassy lawns, flower beds, graveled drives, shade trees, rustic bridges, a lake, pavillion, etc., making it the

Beauty Spot of Ada

and Glenwood Addition the choicest residence section. The great argument used by cities in favor of the creation of parks is that it doubles the value of real estate in the vicinity, thus giving enough increased assessable values to take care of the cost.

The money is in the City Treasury to make these park improvements and when they are completed you will see a rapid rise in Glenwood lot prices.

Buy Now

and get the advantage of the increase

Don't Wait

to see if these things are going to happen for if you do prices may be out of your reach and you will have lost another opportunity.

No Matter

Where the various industries may locate you are central and not dependent upon any single one but have the entire city behind your property value. The best property is close in property and especially where it is as good as the best and as cheap as the far out property.

This is the last opportunity for the better class of people of limited means to secure a choice home site close in for a small amount of money.

"A prophet is not without honor save in his own country and in his own house."

So it is with many of the people of Ada, they do not appreciate or realize what we already have behind our city nor the varied and substantial resources we have upon which to base our future growth.

No City in Oklahoma

of double the population of Ada can show as large a pay roll.

The inspector for one of the leading city loan companies remarked to the writer a few days ago that nowhere in Oklahoma in towns of similar size to Ada was property as cheap and that an increase in values was sure to come.

Ada has never been advertised but its light will not always be hid under the half bushel. The city is beginning to be talked about as one of the goodcities of the state with a bright future.

SOMEWHERE in southeast Oklahoma a large city is going to be built. Study your map and you will find that Ada has the advantage of location. Nature gave it to her. The ride between the two Boggies and Sandy gave us the Frisco. Being at the head of Boggy gave us the Katy and the gap south of town gave us the Oklahoma Central. We are in the pathway to the coal and the gulf. Other roads will come because of what we have. Factories will come because of our railroads and raw material. Wholesale houses will come because they can reach more customers out of Ada than elsewhere. History will repeat itself here the same as in other new countries. Its merely the law of supply and demand--that of supplying the demands of each section through these centers of distribution.

More good things are looming up--the impetus is gathering that will whoop along the growth of Ada and make its property owners rich. It will be your own fault if you are not one of them. Glenwood lots are within the reach of all and your profit is certain. Don't miss this opportunity.

PRICES \$75.00 to \$175.00. CORNERS \$25.00 ADDITIONAL.

MOTION TO OUST GREGG IS DENIED

CHARGES WILL BE FILED WITH THE DEPARTMENT OF JUSTICE.

Though Motion for Investigation Was Overruled Gregg Practically Admitted the Charges.

Tulsa, Ok., May 19.—After an intensely dramatic half hour, Judge Marshall late yesterday denied Gov. Haskell and other Muskogees, the demand for an investigation to impeach United States Attorney Gregg on account of his conduct before the grand jury and the charge made by Gregg that improper influences had been brought to bear on the jury dismissed Saturday.

Sat With Bowed Head.
While Judge Stuart of McAlester, chief, counsel for Haskell and others were scathingly arraigning Gregg in open court, the district attorney sat with bowed head, nervously mopping his brow with his handkerchief. The motion presented by Stuart denied the improper influence as charged by Gregg but instead charged Gregg with being deeply prejudiced personally against the defendants, so much so that a fair hearing was impossible. Affidavits were submitted in which Gregg is alleged to have told Judge Poe of the district court of Tulsa county that he wanted to "get Haskell and his bunch" and that no one else would be disturbed in the other towns of the Creek nation. Another affidavit accused Gregg of having said he would have Hutchings put in "pen" if it took fifteen years.

Gregg Is Scored.
Gregg's connection as stockholder and director of the Tulsa Daily World and the assertion that he controlled the policy of that paper in furtherance of the government's prosecution in the town lot cases and that by editorials and obnoxious cartoons, sentiment in favor of the government had been created, was charged. Also that an alleged interview in a Muskogee newspaper with Gregg in which he was quoted as saying the grand jury was discharged because his statements of the misconduct and his expose of the Iroquois club had been maintained by the court.

After Stuart finished, Gregg arose, beads of perspiration standing out

on his head and after a few seconds began in a low voice and denied the allegation in general and wound up by practically admitting everything. He said he had been misrepresented by the press and denied the language of the interview in the Muskogee paper, but admitted seeing a reporter. He admitted his connection with the Tulsa World, but said he owned but one share of stock. He practically admitted the conversation with Poe, but denied he was persecuting Hutchings.

In denying the motion for a thorough and fair investigation the court declared the district attorney was an appointee of the president, who had a right to remove him and that the prosecutor was not expected to be impartial and that specific evidence must be submitted before an investigation would be ordered. The charges against Gregg will be filed at once with the department of justice.

STATE WINS POINT

Demurrer Against Mabel Indictment Overruled by Judge Rosser.

Shawnee, Okla., May 19.—After a day of argument on the demurrer of the defense to the sufficiency of the indictments against District Judge Maben, Judge Rosser this evening overruled the demurrer and called the petit jury. Before adjournment seven jurymen had been accepted. It is thought that the taking of testimony will begin tomorrow. Beginning with tomorrow night evening sessions will be held.

The defense made much of their demurrer, arguing that the acts alleged in the indictment did not constitute an offense, as the allegation of the indictment is that Judge Maben accepted money to influence his acts as district judge, and that a district judge has, under the law, no jurisdiction over liquor cases. The district judge in empaneling a jury are not purely ministerial, but largely of a judicial character, and that a district judge may exercise influence in such cases--influence of an insidious character, in that they are exercised before trial, and are consequently not in the open. The court held with the state.

Remember tomorrow, Saturday and Monday, 3 big, big bargain days at the Grand Leader.

TULSA GRAND JURY IS NOW COMPLETE

MOTION TO QUASH IS AGAIN OVERRULED.

Motion Was Made on the Grounds That the Jury Was Illegal.

Tulsa, Ok., May 19.—Court convened at 2 o'clock this afternoon, and the work of impanelling the third special Grand Jury, begun yesterday in the Muskogee land cases was resumed and completed. By 4 o'clock the Grand Jury was in the jury room and tomorrow will get down to business.

The following men compose the Grand Jury: S. I. Davis, Stuart; George Hightower, Barren; S. A. Bennett, Bartlesville; W. T. Bailey, Pryor Creek; J. A. Jacks, Rush Springs; D. Pierson, Grove; William Lee, Ramona; Claud Thompson, Grove; J. W. Woods, Hugo; E. T. Ellison, Catoosa; Frank Franklin, Vinita; J. C. Burgess, Pryor Creek; J. H. Dixon, Big Cabin; A. G. Dunas, Fairland; G. W. Strain, Wagoner.

Mr. Strain was appointed foreman of the grand jury. A terrific hail storm came up during the impanelling of the grand jury, making so much noise that it became necessary to suspend proceeding for half an hour. Judge Marshall's instructions to the Grand Jury were very exhaustive. He went at detail into the statute defining conspiracy to defraud the government, also explained how the three years' statute of limitation could be interpreted to include cases committed many years ago as were the alleged cases under investigation. He also explained the Creek agreement by which non-citizens obtained the right of title of property in the Creek Nation townsites and closed by warning the grand jury against improper influences. He laid stress upon their oath and slowly and emphatically said:

"Do your duty as prescribed by the oath you have taken."

"Nothing short of an honest discharge of your duty will be sufficient."

Again counsel for the defense made an unsuccessful attempt to have the grand jury quashed. This time it was cited in the motion to quash that the grand jury was illegal. First, because

it had not been drawn under the Arkansas law in force over Indian Territory when the alleged offenses were committed. Second, that section 13 of the enabling act providing for the State of Oklahoma, according to the idea of the committee which drew it was designed to mean that there should be but one Federal Grand jury drawn for a case. Judge Marshall held that such an interpretation of the clause in question in the enabling act was manifestly unfair to every man who might be seeking an investigation and trial at bar and also in conflict with the General Federal statutes on Grand Jury which provides for as many Grand juries as may be deemed necessary. Seven witnesses from Danville, Va., were examined this afternoon. The grand jury is holding a night session and may get through with the Virginia witnesses tonight. They have been called on the Hutchings-Turner case.

JIM WINTERSMITH ILL.

A Complete Break Down--Will Be Compelled to Go Away for Rest and Treatment.

Mr. James Wintersmith, treasurer Oklahoma Portland Cement Co., who has been seriously ill since his collapse at the burial of the late Dr. Browall, will leave for Hot Springs or French Lick for rest and treatment, when considered strong enough to travel.

The reason of Mr. Wintersmith's break down is ascribed as resulting from his continued onerous duties at the big mills and the necessary nightly vigils during many months at the side of his baby son, who, until recently, was a poor little invalid, but is now about the lustiest kid in town, almost strong enough to whip his dad.

Offers to Surrender.

Guthrie, Okla., May 19.—Chitto Harjo, or Crazy Snake, has sent word to Col. Roy Hoffman, offering to surrender and Bill Tilghman of Chandler, has been dispatched to bring him in. This does away with the theory that he was killed in the recent search for him.

H. H. ROGERS DIES IN NEW YORK CITY

CAREER OF OIL AND COPPER MILLIONAIRE CLOSED BY DEATH.

A Man Who Was a Financial Wizard and World Renowned Promoter.

New York, May 19.—Henry H. Rogers, vice president of the Standard Oil Company, moving spirit in the organization of the Amalgamated Copper Company, builder of railroads and philanthropist, died at his home here at 7:20 o'clock this morning from a stroke of apoplexy.

Death came a little more than an hour after Mr. Rogers had arisen for the day and mentioning to his wife that he was feeling ill. At 7 o'clock he lapsed into unconsciousness and before the family physician arrived he was dead. Mr. Rogers was 69 years old. Mrs. Rogers, three married daughters, a son, H. H. Rogers, Jr., and Dr. W. J. Pulley, a physician, who was hastily summoned, were at the bedside when the end came.

Second Apoplectic Stroke.

While Mr. Rogers' death was sudden and unexpected, he had been in indifferent health since he suffered an apoplectic stroke in 1907, and was almost constantly under a physician's care. His end at this time, however, was a great shock to his family and business associates, as yesterday and last evening he was cheerful and apparently normal, even to the extent of going down to business yesterday morning, where he lunched as usual in the Standard Oil Building.

In the evening he visited the homes in the city of two of his sons-in-law, Urban H. Broughton and William R. Coe, where he played with his grandchildren, and later returned to his home for what proved the last mortal sleep.

At the time of his death, H. H. Rogers held the following offices in and connections with various corporations.

One of the largest stockholders and vice president and director of the Standard Oil company.

President and director of Amalgamated Copper company, National Trust company, National Fuel Gas company, New York Transit com-

pany, Richmond Light and Railroad company.

Vice president and trustee of the Anaconda Copper mining company.

Vice President and director of the Brooklyn Union Gas company, vice president and director of the United Metals Selling company, trustee of the Mutual Life Insurance Company of New York.

Director in United States Steel corporation, Atchison, Topeka and Santa Fe railroad company, Chicago, Milwaukee and St. Paul railroad company, Union Pacific Railroad company, New Jersey and Staten Island Ferry company, Rapid Transit Ferry company, Staten Island Ferry company, Atlas Tack company, Farmers Loan and Trust company, Guaranty Trust company, Mutual Alliance Trust company, National Bank of Fairhaven, N. Y., Carbide and Acetylene company, Richmond Copper company, Tennessee Copper company.

He was also vice president of the Atlantic Coast Electric railway.

To Test "Jim Crow" Law.

Pawhuska, Ok., May 19.—Claiming that he was an interstate passenger and therefore had a right to ride in the white coach to his destination, and also alleging that the Jim Crow coach was not equal in points of comfort and convenience to the coach provided for the white passengers, James Thomas of Arkansas City has commenced action in the Osage county court here for \$5,000 damages against the Midland Valley railway company. The plaintiff is a negro, who bought a ticket in Arkansas City for Tulsa. He boarded a white coach at Arkansas City and rode in it across the state line into Oklahoma. When the train arrived at Pawhuska the conductor caused the negro to be arrested and brought into court on the charge of riding in a coach designated for white passengers. He was acquitted and now brings suit against the company. His attorneys are Mitchell and White of Pawhuska.

Notice.

In answer to the constant inquiry as to my associate since the death of Dr. Browall, I desire to state that within a few days, I shall have with me a competent physician and surgeon, one whom I feel is high class in every respect. W. D. Faust.

PUTNAM AND SCRIBNER CASES TO BE TRIED AT THIS TERM

Mack Lee and Frank Scribner Arranged Today on Indictments Charging the Murder of Zeke Putnam.

At four o'clock this afternoon Mack Lee and Frank Scribner were arraigned before the district court and grand jury indictments were read charging them with the murder of Zeke Putnam. At Allen, several months ago, Dan Scribner and Ed Johnson were carried away today for safe keeping, and when they will be returned is not known.

The present status of the case appears to be, as developments are brought to light, that Dave and Ed Johnson, Dan, Andy John and Frank Scribner and Mack Lee with possibly another arrest to follow, were charged with the murder of Zeke Putnam and Mrs. Frank Scribner, the theory being that Mrs. Scribner was murdered by reason of her knowledge of the Putnam case.

In Oklahoma, complicity in murder carries the charge of murder on the indictment and just what the plot will reveal as to who committed the deeds and who were only accomplices will not be known until the trial takes place in the district court, even if those now indicted should be proven guilty. Dave Johnson was released yesterday from the county jail, and it is understood that the grand jury failed to find any evidence to hold him. It is reported on the streets, in fact that Ed Johnson made a complete confession to the grand jury, implicating himself and the others held, but not implicating Dave. It is understood that his confession throws light on both the Putnam and Scribner cases.

When Lee and Scribner were arraigned this afternoon Judge Rainey issued an order extending the term of court three weeks. The civil docket, which would have been reached at the end of this week, was moved up three weeks in consequence, in order that the hearing of criminal cases might continue. County Attorney Winbush announced that the day of trial for the cases of Lee and Scribner would be announced tomorrow.

On last evening there was a persistent, but undoubtedly an unfounded, rumor to the effect that mob violence was imminent, and for safety a few extra men were summoned to keep watch at the jail. This no doubt accounts for the fact that two of the accused men were spirited away today. Ada officers are taking no chances since the recent tragic affairs in this county and this is one reason why the channels of publicity have been clogged.

Whatever news which purports to be the facts regarding these important cases are of vital importance to the people, and those which will do no one an injustice will be published from time to time.

ed yesterday morning at 10 o'clock and before the noon hour more than \$300,000 had been subscribed by citizens in amounts ranging from \$100 to \$400.00.

Before the meeting adjourned committees were selected to continue the solicitation in the afternoon to raise the amount to \$400,000 for good measure.

Estimates of what this means to the state, to say nothing of Oklahoma City are conservatively summed up as follows:

Estimated increase of \$10 per acre on 4,241,613 acres of corn land and 180,000 acres of alfalfa land, \$44,216,130.

Saving of 10 per cent to stock men shipping to Ft. Worth and Kansas City on yearly shipments of \$7,059,450 worth of cattle, \$3,668,800 worth of hogs, \$26,400 worth of sheep and \$681,768 worth of poultry, \$11,435,840.

Estimated increase of 2 per cent on 17,296,791 acres of lands valued at \$220,745,647, \$4,414,912.

Estimated increase on \$4,197,942 swine production in Oklahoma annually \$1,000,000.

Estimated increase in \$50,000 sheep production in Oklahoma annually, \$10,000.

Estimated increase in revenue for all roads leading into Oklahoma City, \$5,000,000 annually.

Fr. Smith and Western railroad will be immediately completed into Oklahoma City, all towns along proposed route being given better shipping facilities.

Field crop acreage of state, \$666,007; will be increased 25 per cent. National bank deposits of \$36,112,095 and state bank deposits of \$29,448,970.96 will be increased 25 per cent in two years.

The Morris Packing Company is one of the largest on the continent, being a member of the "big three," and with Armour and Swift control a combined business estimated at \$100,000,000. Their coming to Oklahoma City means that the ice is broken and that others will follow.

Tomorrow Saturday and Monday you will see bargains in ladies vests, linen towels and many other items at special prices. Remember the place Grand Leader, Ada.

ADA LABORING CITIZENS STRIKE FOR TWENTY-FIVE CENTS AN HOUR

Fifty-five Men Quit Work on Public Works; Hold Meeting; Organize Union. Mayor has to Effect Agreement. Labor Meeting Tonight.

Yesterday morning the first work on the mammoth improvements and public utilities to be constructed in Ada this year was begun with a force of fifty-five men being employed in ditching on 12th street being the primary work in the construction of the sewerage system.

Mr. Fitzgerald placed this crew of men at work at the agreed price of a scale ranging from fifteen to twenty-five cents an hour both inclusive, it being the contractor's intention, so it is stated, of paying within this scale, but determining the amount which should be paid by the amount of labor performed.

This morning the fifty-five men employed went on a strike, demanding in settlement before they would consent to return to work that they should be paid at the rate of twenty-five cents an hour for eight hours work. Their request not being complied with, a meeting was held in the Eagles hall when a co-operative organization was perfected.

This meeting was declared an initial one for the purpose of restoring the old local American Federation of Labor charter. Another meeting composed, in a large measure, of the laboring interests of Ada, is proposed for tonight, when it is understood that a labor union in all details will be perfected and that immediate steps will be taken to secure the rejuvenation of the former labor union. It is also related that a vote will be taken tonight to determine the attitude of laboring men toward returning to work on the proposition, which has been submitted by Mr. Fitzgerald the builder of the sewerage system. The Hon. Lem Little, Mayor of Ada, has been endeavoring all day to secure an amicable agreement between the laboring citizens and the contractors, but it was thought this afternoon that there could be obtained no definite accomplishment in such direction until after the meeting of the laboring citizens this evening. Mr. Little is to be commended for his earnestness in the undertaking to secure the resumption of work in the construction of Ada's much needed public utilities. Mr. Fitzgerald, contractor,

expressed himself as being desirous of securing the citizen's consent to return to work for the rest of the week at the scale of 17 to 25 cents when he could determine what each man's value as a workman would be, he claiming that thereby, at the time a union should be formed, he would be able to meet its demands.

There is considerable fear among the citizens of the city generally that a failure to reach an early amicable agreement will result in the contractor bringing into Ada a ditcher, which it is claimed he has in hand. It is stated that this ditcher will do the work of forty-five men and that, with its operation on the streets, there will only be required about fifteen additional men in all to do all the ditching and excavation necessary. The contract to construct the sewerage system was for \$12,000. It has been estimated that the amount of ditching will amount to \$16,000, therefore, it can be readily seen the importance of keeping a ditcher or whatever this labor sacrificing machine may be called out of the city.

It is to be hoped that the men employed on the public works in this city will secure right wages and right hours, that an early agreement may be perfected and that work may be resumed without delay on the streets.

Mr. C. W. Adams, whom it is said, is lately from Indiana, appears from the information in hand to be the leader of this morning's strike movement. He was an employee, so it is stated, at the cement plant. It appears that there was some trouble between him and his employers at this mill. Mr. Adams was elected president of this morning's meeting of laboring citizens.

The above report of this morning's strike is based in principal part on hearsay, for it was impossible during the hour the writer had the proposition up to locate either Mr. Fitzgerald, the contractor, Mr. Adams, a leader in the strike movement, or Hon. Bob Rowland, the attorney for the strikers.

PAY FINES IN THE CITY COURT AND THEN VANISH.

Many Declare Against Spotters of Uncertain Character, but It is Declared That Sheriff's Office Will Be Put in Sausage Mill If Don't do Duty.

Following the arrest and sensational trial of Mrs. Edith Davis in the city court last Tuesday, and subsequently the arrest of Mr. C. W. Brackman, who submitted his case and paid fines for both, the couple have packed their chattels and departed.

Mrs. Davis was arraigned Tuesday on a charge of prostitution and found guilty. Mr. Brackman was also arrested on a charge of consorting with a prostitute, and his trial was to have occurred yesterday but was continued, pending a decision of Mrs. Davis' attorney on what course to pursue relative to an appeal to the county court. Mr. Brackman, however, decided later to submit his case and pay the required fines in both cases, which he did this morning through his Ada constituency. The fines and costs in both cases amounted to \$45.10.

It is stated that the Law and Order league will be rejuvenated and that the entire pressure of its influence will be brought to bear on the sheriff's office in the undertaking to secure the strict enforcement of the law.

TO THE PENITENTIARY.

Eight Prisoners Are Taken to McAlester This Morning.

Sheriff T. J. Smith and deputies John Chapman and Bob Neater left on the south bound Katy train today with eight prisoners in custody who have been sentenced at this term of court to serve terms of various lengths in the state penitentiary at McAlester. In addition to these eight they also carried Dan Scribner and Ed Johnson there for safe keeping.

The names of those who have penitentiary sentences, their crimes and their terms are as follows:

- A. C. Baugh, forgery 1 year and 1 day.
- Argus Lavender, stealing domestic animals, 1 year and 1 day.
- Sam Barnett, assault with dangerous weapon, 1 year and 1 day.

VISIT OKLAHOMA CITY

Dr. and Mrs. LeFevre Will Attend the Oklahoma Field Meet Tomorrow.

Dr. and Mrs. Frank LeFevre went to Oklahoma City this afternoon, where they will witness the event of the Oklahoma big field day tomorrow. One of the interesting features will be the 100m game between Epworth University at Oklahoma City and the State University at Norman. Sam LeFevre, the athlete and young Hercules, will pitch the game for Epworth. It is conceded in advance that Sam will carry off the honors in several of the single effort contests. He is at this time probably the longest disk thrower in the United States.

Oklahomans Get in the Harness as Usual and Land a Proposition That Means Much for the State.

Thomas H. Wilson, vice president of the Morris & Company, packers and meat shippers, returned to Chicago yesterday afternoon to tell his firm that Oklahoma City had accepted the company's offer to build a \$3,000,000 packing plant in Oklahoma City. He also will tell the principals of the concern that Oklahoma City met every condition imposed and stands ready to do more if occasion demands. He will be able to tell the company that the \$300,000 cash bonus which the company required was assured after these terms had been before the people in a citizen's mass meeting but 30 minutes. The great mass meeting was called

TEMPERANCE RESOLUTIONS AT LOUISVILLE

BAPTIST CONVENTION DEALS THE LIQUOR TRAFFIC A STRONG BLOW.

The Saloon Has No Place in Civilized
Communities Say Con-
vention Delegates.

Probably the strongest temper-
ance resolutions ever passed in this
country were those submitted to the
Baptist National convention just
closed at Louisville Kentucky.

The report of the committee on
temperance was read by J. B. Felt
of Nashville as follows:

There is expended every year for
strong drinks something over \$500,000,000. Among the results of this
traffic in intoxicating liquor are the
loss of 100,000 lives each year, 90
per cent of the murders in the coun-
try, 75 per cent of all crimes, 75
per cent of the divorces and 40 per
cent of insanity. With such results
can anyone expect the followers of
Christ to sit by and see this traffic
continue without offering any pro-
test against that traffic and doing
everything to destroy it? Whoever
so expects simply does not understand
the genius of Christianity whose fun-
damental policy is extermination of the
bad as well as the upbuilding of the
good.

To the task of destroying this
traffic that it may no longer be a
it has been the greatest obstacle to
the progress of the kingdom of our
Lord the churches of Christ have
concentrated themselves and will never
cease their efforts until every
vestige of the accursed traffic is
abolished from our land.

We are glad to report that six of
the fifteen states comprising the ter-
ritory of this convention have al-
ready abolished the traffic entirely
from their borders while all the others
have abolished it from a large
proportion of their territory. We can
admitly expect the time to come
soon when every vestige of this li-
quor traffic shall be abolished from
every part of every state in the
boundaries of the country.

That the traffic and especially its
concomitant representative the sal-
oon has no place in a civilized com-
munity no business in a Christian
country. It is an anachronism, a
barbarism from a moral, religious,
scientific, economic and political
standpoint the saloon has not one
redeeming feature. It is a parasite,
a nuisance, the center of all vice,
the radiating point of all evil influ-
ences, the breathing home of the
devil, a monster of injury, iniquity
and impurity.

"Saloon Must Go"

The saloon has sinned away its
day of grace if it ever had any and
now the times has come when the
saloon must go.

But how? Temperance means three
things:

1. The moderate use of that
which is good.
2. Total abstinence from that
which is bad.
3. Helping others to abstain. We
may help others in two ways—by
legal sanction and by moral sanction.
Moral sanction means keeping the bow
out of the way of temptation. Legal
sanction means keeping temptation
out of the way of temptation. It is
a better thing to keep temptation
out of the way of the boy.

To the end that the liquor traffic
may be abolished we recommend:

1. That we cordially commend
the effective work of the Anti-Saloon
League and other organizations seek-
ing the suppression of the traffic and
give to them our co-operation and
support to the extent of our ability.
2. That we earnestly request the
proper officials of our National gov-
ernment not to issue privilege taxes
for the sale of liquor where its sale
is prohibited by the laws of the state.

Dry Territory Shipments.

3. That we urge our Senators and

representatives in congress to pass
some effective measure besides the
amendment to the penal code adopted
by the late congress to prevent the
shipment of liquor to dry territory.

4. That standing committee on
temperance be appointed to report at
the next session of the convention
and that a report on the subject be
made a part of the regular order of
business of the convention.

5. That we urge people every-
where not to vote for anyone for
any office who is known to be in-
sympathetic with liquor traffic.

God hasten the day when the li-
quor traffic shall be completely abo-
lished from our Southland and our
country and from all the world.

NATIONAL BANKS DECREASING.

Statement April 28 Shows 242 as
Against 309 May 14, 1908.

Washington May 19.—The state-
ment of the National banks of Okla-
homa at the close of business on
April 28 shows that there are but
242 National banks in the state
against 309 banks on May 14, 1908.
Since the bank statement of Feb-
ruary 28, 1908, the National banks
have given up their charters presum-
ably to become state guaranty banks.

The change in the principal items
of the Oklahoma banks since the state-
ment of Feb. 28 and one year ago May
14, 1908 are as follows:

Individual deposits loss of \$21,973
since previous statement but a gain
of \$671,079 over last year.

Loans and discounts decrease of
\$6,780 since previous statement and
loss of \$1,045,890 over last year.

Total resources loss of \$5,060,585
since Feb. 28 and loss of \$2,422,456
since May 14, 1908.

The statement of the Texas Na-
tional banks outside of the six re-
serve cities shows an increase of
nearly \$3,000,000 over the statement
of Feb. 28 but the individual deposits
show a decrease of more than \$6,
000,000 since the previous state-
ment. The total resources also show
a decrease of approximately \$5,000,
000. This report is based on the re-
port of 49 banks as against 192
banks reporting in February.

GAMBLING DIVE RAIDED.

Officers Fail on Arrests But Para-
phernalia Is Seized.

Chief of Police George Oliver and
deputies W. W. Naylor and Joe Foster
last night raided the gambling
apartments in the Breckenridge
building on Broadway. They failed to
make any arrests for the reason that
the participants had not all arrived
and the game had not started but
the paraphernalia was burned on the
street. The officer who was inter-
viewed stated that he was not in-
formed as to the identity of the person
who was conducting the place or to
whom the equipment belonged. While
no one was caught in the act the
remains on Broadway are significant
for beneath an ash heap can be
seen a molten mass of poker chips
and the surviving remnants of a deck
of cards.

Horse Thieves Captured.

Oscar Collins deputy sheriff will
arrive here tomorrow from Pauls
Valley with the Lee brothers, who are
wanted here on a charge of horse
stealing. They were arrested by the
authorities in Pauls Valley and placed
in jail to wait the action of Pon-
totoc county officials. The crime
with which they are charged was
committed in this county several
months ago.

followed by an eloquent address of
welcome by Hon. Edmund Frantz,
which was responded to by J. M. Hal-
comb of Oklahoma City. President A.
B. Kennedy of Oklahoma made his
annual address and in it dealt
strongly in favor of harmony be-
tween the state and national banks.

The reports of the secretary and
treasurer showed the association to
be in splendid condition. The after-
noon session opened with an ad-
dress by Hon. A. M. Young, State
Bank Commissioner, but the chief
interest centered in the address of C.
R. Breckenridge of Fort Smith,
whose subject was postal savings
banks. He was positively against that
system and did not believe it would
be a good thing for the people or
the government.

He touched on the guarantee law
and spoke at length on it. He advo-
cated a guarantee but does not be-
lieve that it should be by the gov-
ernment or state but that it should be
by a corporation and that it should
be optional mutual and cooperative.
His remarks were well received.

Tonight a grand ball is being given
at Lakewood Park in honor of the
visiting bankers and their ladies.

ADA'S NEW RAILROAD BUILT BY ADA PEOPLE

ADA TERMINAL RAILWAY CO. WILL START CONSTRUCTION IN FEW DAYS.

MEANS MUCH TO THIS CITY

Will Cost Ada Citizens Between \$20,000 and \$30,000 but All the Money Will Be Returned.

In order to get the O C railroad built into town it will be necessary for the citizens to furnish the money necessary to build it at least to the amount of twenty thousand dollars For that purpose it is proposed to organize and incorporate the Ada Terminal Railway Co with a capital stock of thirty five thousand dollars twenty thousand of which will be necessary for the citizens of Ada to take The Ada Terminal Railway Co it is proposed will then make a contract with the receiver of the O C R R Co whereby he is to operate this branch of the road from the main line into town in connection with the O C railroad

To every person subscribing to the capital stock of the Terminal Railway Co for all money paid in he will receive coupons issued by the receiver of the railway company which will bear interest at the rate of 8 per cent and be redeemable by the receiver of the O C R R Co or by his successor or the purchaser of said railway in the event it should be sold Under this contract with the receiver for the purpose of redeeming these coupons one-half of the O C R R Co's part of all receipts in and out of Ada is to be applied to retire these coupons and such interest as may accrue on them

For the purpose of seeing that the subscribers to the Terminal Railway Co are safe and fully protected in subscribing and paying their money in to the Terminal Railway Co the firms of Flynn & Ames of Oklahoma City and McKee & Dunsmuir of Ada have been employed and they are now going over the papers for that purpose

By this method the O C can be built into the town without any actual expense to the people as the coupons issued by the railway company will be safe and good for the return of the money expended as well as 8 per cent interest on same

The charter for the Ada Terminal Railway Co is now in force of preparation and will be filed with the secretary of state in a few days The question of securing subscribers to the stock of Ada Terminal Railway Co will doubtless come up in a short time and the people will have an opportunity to show whether or not they want the O C built in to town

It is estimated that the receipts of the office at Ada will in all probability pay back the money so expended within six months and it is absolutely sure it will do so in 12 1910

PERSECUTING THE GOVERNOR.

Action of Federal Government in Alleged Town Lot Fraud Cases Criticized.

Guthrie May 18—The attempt on the part of the federal government to persecute Governor Haskell and his associates is being severely criticized here The latest move that of dismissing a grand jury because they failed to see enough evidence to warrant a true bill and the summoning of another grand jury in the hope that it will be more bidable is regarded by many as an unwarranted and tyrannical action Every attempt of this character serves to strengthen the governor's hold upon the affection of the people and even though the federal government succeeds in finding a jury that will finally do the will of the persecutors in this matter there is fear of an ultimate reaction

One Dollar Will Make You Two in Glenwood

The Big Fortunes in Oklahoma have been made in City Property--not in one city alone but in dozens of them. Ada is a comer--come along

The splendid growth of Ada is creating a constant demand for resident lots. This reason impels us to place on the market the beautifully located

Glenwood Addition

Located on the North side of Main street, four blocks west from business on high, well drained ground overlooking Glenwood Park to which the city has a deed and will immediately proceed to beautify with grassy lawns, flower beds, graveled drives, shade trees, rustic bridges, a lake, pavillion, etc., making it the

Beauty Spot of Ada

and Glenwood Addition the choicest residence section. The great argument used by cities in favor of the creation of parks is that it doubles the value of real estate in the vicinity, thus giving enough increased assessable values to take care of the cost.

The money is in the City Treasury to make these park improvements and when they are completed you will see a rapid rise in Glenwood lot prices.

Buy Now

and get the advantage of the increase

Don't Wait

to see if these things are going to happen for if you do prices may be out of your reach and you will have lost another opportunity.

No Matter

Where the various industries may locate you are central and not dependent upon any single one but have the entire city behind your property value. The best property is close in property and especially where it is as good as the best and as cheap as the far out property.

This is the last opportunity for the better class of people of limited means to secure a choice home site close in for a small amount of money.

"A prophet is not without honor save in his own country and in his own house."

So it is with many of the people of Ada, they do not appreciate or realize what we already have behind our city nor the varied and substantial resources we have upon which to base our future growth.

No City in Oklahoma

of double the population of Ada can show as large a pay roll.

The inspector for one of the leading city loan companies remarked to the writer a few days ago that nowhere in Oklahoma in towns of similar size to Ada was property as cheap and that an increase in values was sure to come.

Ada has never been advertised but its light will not always be hid under the half bushel. The city is beginning to be talked about as one of the goodcities of the state with a bright future.

SOMEWHERE in southeast Oklahoma a large city is going to be built. Study your map and you will find that Ada has the advantage of location. Nature gave it to her. The ride between the two Boggies and Sandy gave us the Frisco. Being at the head of Boggy gave us the Katy and the gap south of town gave us the Oklahoma Central. We are in the pathway to the coal and the gulf. Other roads will come because of what we have. Factories will come because of our railroads and raw material. Wholesale houses will come because they can reach more customers out of Ada than elsewhere. History will repeat itself here the same as in other new countries. Its merely the law of supply and demand--that of supplying the demands of each section through these centers of distribution.

More good things are looming up--the impetus is gathering that will whoop along the growth of Ada and make its property owners rich. It will be your own fault if you are not one of them. Glenwood lots are within the reach of all and your profit is certain. Don't miss this opportunity.

MOTION TO OUST GREGG IS DENIED

CHARGES WILL BE FILED WITH THE DEPARTMENT OF JUSTICE.

Though Motion for Investigation Was Overruled Gregg Practically Admitted the Charges.

Tulsa, Ok., May 19.—After an intensely dramatic half hour, Judge Marshall late yesterday denied Gov. Haskell and other Muskogean, the demand for an investigation to impeach United States Attorney Gregg on account of his conduct before the grand jury and the charge made by Gregg that improper influences had been brought to bear on the jury dismissed Saturday.

Sat With Bowed Head.

While Judge Stuart of McAlester, chief counsel for Haskell and others were sentimentally arraigning Gregg in open court, the district attorney sat with bowed head, nervously mopping his brow with his handkerchief. The motion presented by Stuart denied the improper influence as charged by Gregg but instead charged Gregg with being deeply prejudiced personally against the defendants, so much so that a fair hearing was impossible. Affidavits were submitted in which Gregg is alleged to have told Judge Poe of the district court of Tulsa county that he wanted to "get Haskell and his bunch" and that no one else would be disturbed in the other towns of the Creek nation. Another affidavit accused Gregg of having said he would have Hutchings put in "pen" if it took fifteen years.

Gregg Is Scared.

Gregg's connection as stockholder and director of the Tulsa Daily World and the assertion that he controlled the policy of that paper in furtherance of the government's prosecution in the town lot cases and that by editorials and obnoxious cartoons, sentiment in favor of the government had been created, was charged. Also that an alleged interview in a Muskogee newspaper with Gregg in which he was quoted as saying the grand jury was discharged because his statements of the misconduct and his expose of the Iroquois club had been maintained by the court.

After Stuart finished, Gregg arose, beads of perspiration standing out

on his head and after a few seconds began in a low voice and denied the allegation in general and wound up by practically admitting everything. He said he had been misrepresented by the press and denied the language of the interview in the Muskogee paper, but admitted seeing a reporter. He admitted his connection with the Tulsa World, but said he owned but one share of stock. He practically admitted the conversation with Poe, but denied he was persecuting Hutchings.

In denying the motion for a thorough and fair investigation the court declared the district attorney was an appointee of the president, who had a right to remove him and that the prosecutor was not expected to be impartial and that specific evidence must be submitted before an investigation would be ordered. The charges against Gregg will be filed at once with the department of justice.

STATE WINS POINT

Demurrer Against Mailed Indictment Overruled by Judge Rosser.

Shawnee, Okla., May 19.—After a day of argument on the demurrer of the defense to the sufficiency of the indictments against District Judge Maiben, Judge Rosser this evening overruled the demurrer and called the petit jury. Before adjournment seven jurymen had been accepted. It is thought that the taking of testimony will begin tomorrow. Beginning with tomorrow night evening sessions will be held.

The defense made much of their demurrer, arguing that the acts alleged in the indictment did not constitute an offense, as the allegation of the indictment is that Judge Maiben accepted money to influence his acts as district judge, and that a district judge has, under the law, no jurisdiction over liquor cases. The district judge in empaneling a jury are not purely ministerial, but largely of a judicial character, and that a district judge may exercise influence in such cases--influence of an insidious character, in that they are exercised before trial, and are consequently not in the open. The court held with the state.

Remember tomorrow, Saturday and Monday, 3 big, big bargain days at the Grand Leader.

TULSA GRAND JURY IS NOW COMPLETE

MOTION TO QUASH IS AGAIN OVERRULED.

Motion Was Made on the Grounds That the Jury Was Illegal.

Tulsa, Ok., May 19.—Court convened at 2 o'clock this afternoon, and the work of impaneling the third special Grand Jury, begun yesterday in the Muskogee land cases was resumed and completed. By 4 o'clock the Grand Jury was in the jury room and tomorrow will get down to business.

The following men compose the Grand Jury: S. I. Davis, Stuart; George Hightower, Barren; S. A. Bennett, Bartlesville; W. T. Bailey, Pryor Creek; J. A. Jacks, Rush Springs; D. Pierson, Grove; William Lee, Ramona; Cland Thompson, Grove; J. W. Woods, Hugo; E. T. Ellison, Catoosa; Frank Franklin, Vinita; J. C. Burgess, Pryor Creek; J. H. Dixon, Big Cabin; A. G. Daniels, Fairland; G. W. Strain, Wagoner.

Mr. Strain was appointed foreman of the grand jury. A terrific hail storm came up during the impaneling of the grand jury, making so much noise that it became necessary to suspend proceeding for half an hour. Judge Marshall's instructions to the Grand Jury were very exhaustive. He went at detail into the statute defining conspiracy to defraud the government, also explained how the three years' statute of limitation could be interpreted to include cases committed many years ago as were the alleged cases under investigation. He also explained the Creek agreement by which non-citizens obtained the right of title of property in the Creek Nation townsites and closed by warning the grand jury against improper influences. He laid stress upon their oath and slowly and emphatically said:

"Do your duty as prescribed by the oath you have taken."

"Nothing short of an honest discharge of your duty will be sufficient."

Again counsel for the defense made an unsuccessful attempt to have the grand jury quashed. This time it was cited in the motion to quash that the grand jury was legal. First, because

it had not been drawn under the Arkansas law in force over Indian Territory when the alleged offenses were committed. Second, that section 13 of the enabling act providing for the State of Oklahoma, according to the idea of the committee which drew it was designed to mean that there should be but one Federal Grand jury drawn for a case. Judge Marshall held that such an interpretation of the clause in question in the enabling act was manifestly unfair to every man who might be seeking an investigation and trial at bar and also in conflict with the General Federal statutes on Grand Jury which provides for as many Grand juries as may be deemed necessary. Seven witnesses from Danville, Va., were examined this afternoon. The grand jury is holding a night session and may get through with the Virginia witnesses tonight. They have been called on the Hutchings-Turner case.

JIM WINTERSMITH ILL.

A Complete Break Down--Will Be Compelled to Go Away for Rest and Treatment.

Mr. James Wintersmith, treasurer Oklahoma Portland Cement Co., who has been seriously ill since his collapse at the burial of the late Dr. Brown, will leave for Hot Springs or French Lick for rest and treatment, when considered strong enough to travel.

The reason of Mr. Wintersmith's break down is ascribed as resulting from his continued onerous duties at the big mills and the necessary nightly visits during many months at the side of his baby son, who, until recently, was a poor little invalid, but is now about the lustiest kid in town, almost strong enough to whip his dad.

Offers to Surrender.

Guthrie, Okla., May 19.—Chitto Harjo, or Crazy Snake, has sent word to Col. Roy Hoffman, offering to surrender and Bill Tilghman of Chandler, has been dispatched to bring him in. This does away with the theory that he was killed in the recent search for him.

H. H. ROGERS DIES IN NEW YORK CITY

CAREER OF OIL AND COPPER MILLIONAIRE CLOSED BY DEATH.

A Man Who Was a Financial Wizard and World Renowned Promoter.

New York, May 19.—Henry H. Rogers, vice president of the Standard Oil Company, moving spirit in the organization of the Amalgamated Copper Company, builder of railroads and philanthropist, died at his home here at 7:20 o'clock this morning from a stroke of apoplexy.

Death came a little more than an hour after Mr. Rogers had arisen for the day and mentioning to his wife that he was feeling ill. At 7 o'clock he lapsed into unconsciousness and before the family physician arrived he was dead. Mr. Rogers was 69 years old. Mrs. Rogers, three married daughters, a son, H. H. Rogers, Jr., and Dr. W. J. Pulley, a physician, who was hastily summoned, were at the bedside when the end came.

Second Apoplectic Stroke.

While Mr. Rogers' death was sudden and unexpected, he had been in indifferent health since he suffered an apoplectic stroke in 1907, and was almost constantly under a physician's care. His end at this time, however, was a great shock to his family and business associates, as yesterday and last evening he was cheerful and apparently normal, even to the extent of going down to business yesterday morning, where he lunched as usual in the Standard Oil Building.

In the evening he visited the homes in the city of two of his sons-in-law, Urban H. Broughton and William R. Coe, where he played with his grandchildren, and later returned to his home for what proved the last mortal sleep.

At the time of his death, H. H. Rogers held the following offices in and connections with various corporations.

One of the largest stockholders and vice president and director of the Standard Oil company.

President and director of Amalgamated Copper company, National Trust company, National Fuel Gas company, New York Transit com-

pany, Richmond Light and Railroad company.

Vice president and trustee of the Anaconda Copper mining company.

Vice President and director of the Brooklyn Union Gas company, vice president and director of the United Metals Selling company, trustee of the Mutual Life Insurance Company of New York.

Director in United States Steel corporation, Atchison, Topeka and Santa Fe railroad company, Chicago, Milwaukee and St. Paul railroad company, Union Pacific Railroad company, New Jersey and Staten Island Ferry company, Rapid Transit Ferry company, Staten Island Ferry company, Atlas Tack company, Farmers Loan and Trust company, Guaranty Trust company, Mutual Alliance Trust company, National Bank of Fairhaven, N. Y., Carbide and Acetylene company, Richmond Copper company, Richmond Copper company, Tennessee Copper Company.

He was also vice president of the Atlantic Coast Electric railway.

To Test "Jim Crow" Law.

Pawhuska, Ok., May 19.—Claiming that he was an interstate passenger and therefore had a right to ride in the white coach to his destination, and also alleging that the Jim Crow coach was not equal in points of comfort and convenience to the coach provided for the white passengers, James Thomas of Arkansas City has commenced action in the Osage county court here for \$5,000 damages against the Midland Valley railway company. The plaintiff is a negro, who bought a ticket in Arkansas City for Tulsa. He boarded a white coach at Arkansas City and rode in it across the state line into Oklahoma. When the train arrived at Pawhuska the conductor caused the negro to be arrested and brought into court on the charge of riding in a coach designated for white passengers. He was acquitted and now brings suit against the company. His attorneys are Mitchell and White of Pawhuska.

Notice.

In answer to the constant inquiry as to my associate since the death of Dr. Brown, I desire to state that within a few days, I shall have with me a competent physician and surgeon, one whom I feel is high class in every respect. W. D. Faust.

PUTNAM AND SCRIBNER CASES TO BE TRIED AT THIS TERM

Mack Lee and Frank Scribner Arranged Today on Indictments Charging the Murder of Zeke Putnam.

At four o'clock this afternoon Mack Lee and Frank Scribner were arraigned before the district court and grand jury indictments were read charging them with the murder of Zeke Putnam at Allen several months ago. Dan Scribner and Ed Johnson were carried away today for safe keeping and when they will be returned is not known.

The present status of the case appears to be as developments are brought to light that Dave and Ed Johnson Dan Andy John and Frank Scribner and Mack Lee with possibly another arrest to follow were charged with the murder of Zeke Putnam and Mr. Frank Scribner the theory being that Mrs. Scribner was murdered by reason of her knowledge of the Putnam case.

In Oklahoma complicity in murder carries the charge of murder on the indictment and just what the plot will reveal as to who committed the deeds and who were only accomplices will not be known until the trial takes place in the district court even if those now in shackles should be proven guilty. Dave Johnson was released yesterday from the county jail and it is understood that the grand jury failed to find any evidence to hold him. It is reported on the streets in fact that Ed Johnson made a complete confession to the grand jury implicating himself and the others held but not implicating Dave. It is understood that his confession throws light on both the Putnam and Scribner cases.

When Lee and Scribner were arraigned this afternoon Judge Ramey issued an order extending the term of court three weeks. The civil docket which would have been reached at the end of this week was moved up three weeks in consequence in order that the hearing of criminal cases might continue. County Attorney Wimish announced that the day of trial for the cases of Lee and Scribner would be announced tomorrow.

On last evening there was a persistent but undoubtedly unfounded rumor to the effect that mob violence was imminent and for safety a few extra men were summoned to keep watch at the jail this no doubt accounts for the fact that two of the accused men were spirited away today. Ada officers are taking no chances since the recent tragic affairs in this county and this is one reason why the channels of publicity have been clogged.

Whatever news which purports to be the facts regarding these important cases are of vital importance to the people and those which will do no one in injustice will be published from time to time.

BIG PACKING PLANT COMING TO OKLAHOMA

MORRIS PACKING CO. OF CHICAGO, TO LOCATE \$3,000,000 PLANT IN OKLAHOMA CITY.

Oklahomans Get in the Harness as Usual and Land a Proposition That Means Much for the State.

Thomas H. Wilson vice president of the Morris & Company packers and meat shippers returned to Chicago yesterday afternoon to tell his firm that Oklahoma City had accepted the company's offer to build a \$3,000,000 packing plant in Oklahoma City. He also will tell the principals of the concern that Oklahoma City met every condition imposed and stands ready to do more if occasion demands. He will be able to tell the company that the \$300,000 cash bonus which the company required was assured after these terms had been before the people in a citizen's mass meeting but 10 minutes.

The first mass meeting was called yesterday morning at 11 o'clock and before the noon hour more than 10,000 had been subscribed by citizens in amounts ranging from \$100 to \$10,000.

Before the meeting adjourned committees were selected to continue the solicitation in the afternoon to raise the amount to \$400,000 for good measure.

Estimates of what this means to the state to save nothing of Oklahoma City are conservatively summed up as follows:

Estimated increase of \$10 per acre on 424,161 acres of corn land and 150,000 acres of alfalfa land \$44,216,130

Saving of 10 per cent to stock men shipping to Ft. Worth and Kansas City on yearly shipments of \$7,000,000 worth of cattle \$3,668,800 worth of hogs \$26,400 worth of sheep and \$681,166 worth of poultry \$11,400,540

Estimated increase of 2 per cent on 17,296,791 acres of lands valued at \$220,740,617 \$4,414,812

Estimated increase on \$413,942 swine production in Oklahoma annually \$1,000,000

Estimated increase in \$6,000 sheep production in Oklahoma annually \$10,000

Estimated increase in revenue for all roads leading into Oklahoma City \$9,000,000 annually

Mr. Smith and Western railroad will be immediately completed into Oklahoma City all towns along proposed route being given better shipping facilities.

Field crop acreage of state \$566,000 will be increased 25 per cent. National bank deposits of \$16,112,000 and state bank deposits of \$29,448,970 will be increased 25 per cent in two years.

The Morris Packing Company is one of the largest on the continent being a member of the big three and with Armour and Swift control a combined business estimated at \$100,000,000. Their coming to Oklahoma City means that the ice is broken and that others will follow.

Tomorrow Saturday and Monday you will see bargains in ladies vests linen towels and many other items at special prices. Remember the place Grand Leader Ada.

ADA LABORING CITIZENS STRIKE FOR TWENTY-FIVE CENTS AN HOUR

Fifty-five Men Quit Work on Public Works; Hold Meeting; Organize Union. Mayor has to Effect Agreement. Labor Meeting Tonight.

Yesterday morning the first work on the mammoth improvements and public utilities to be constructed in Ada this year was begun with a force of fifty-five men being employed in ditching on 12th street being the primary work in the construction of the sewerage system.

Mr. Fitzgerald placed this crew of men at work at the agreed price of a scale ranging from fifteen to twenty-five cents an hour both in the city and being the contractor's intention so it is stated of paying within this scale but determining the amount which should be paid by the amount of labor performed.

This morning the fifty-five men employed went on a strike demanding in settlement before they would consent to return to work that they should be paid at the rate of twenty-five cents an hour for eight hours work. Their request not being complied with a meeting was held in the Eagles hall when a cooperative organization was perfected.

This meeting was declared in instant rebellion against the contractor to restoring the old local American Federation of Labor charter. Another meeting composed in a large measure of the laboring interests of Ada is proposed for tonight when it is understood that a labor union in all details will be perfected and that immediate steps will be taken to secure the recognition of the former labor union. It is also thought that a vote will be taken tonight to determine the attitude of laboring men toward returning to work on the proposition which has been submitted by Mr. Fitzgerald the builder of the sewerage system. The Hon. Lem Little Mayor of Ada has been endeavoring all day to secure an amicable agreement between the laboring citizens and the contractors but it was thought this afternoon that there could be obtained no definite accomplishment in such direction until after the meeting of the laboring citizens this evening. Mr. Little is to be commended for his earnestness in the undertaking to secure the resumption of work in the construction of Adams much needed public utilities. Mr. Fitzgerald contractor expressed himself as being desirous of securing the citizens consent to return to work for the rest of the week at the scale of 17 to 25 cents when the could determine what each man's value as a workman would be he claiming that thereby, at the time a union should be formed he could determine whether or not he would be able to meet its demands.

There is considerable fear among the citizens of the city generally that a failure to reach an early amicable agreement will result in the contractor bringing into Ada a ditcher which it is claimed he has in hand. It is stated that this ditcher will do the work of forty-five men and that with its operation on the streets there will only be required about fifteen additional men in all to do all the ditching and excavation necessary. The contract to construct the sewerage system was for \$12,000. It has been estimated that the amount of ditching will amount to \$16,000 therefore it can be readily seen the importance of keeping a ditcher or whatever this labor saving machine may be called out of the city.

It is to be hoped that the men employed on the public works in this city will secure right wages and that night hours that an early agreement may be perfected and that work may be resumed without delay on the streets.

Mr. C. W. Adams whom it is said is largely from Indian agents from the information in hand to be the leader of this morning's strike movement. He was in employ so it is stated at the cement plant. It appears that there was some trouble between him and his employers at this mill Mr. Adams was elected president of this morning's meeting of laboring citizens.

The above report of this morning's strike is based in principal part on hearsay for it was impossible during the hour the writer had the proposition up to locate either Mr. Fitzgerald the contractor Mr. Adams a leader in the strike movement or Hon. Bob Rowland the attorney for the strikers.

PAY FINES IN THE CITY COURT AND THEN VAMOOSE.

Many Declare Against Spotters of Uncertain Character, but It is Declared That Sheriff's Office Will Be Put in Sausage Mill If Don't Do Duty.

Following the arrest and sensational trial of Mrs. Edith Davis in the city court last Tuesday and subsequently the arrest of Mr. C. W. Brackman who submitted his case and paid fines for both the couple have packed their chattels and departed.

Mrs. Davis was arraigned Tuesday on a charge of prostitution and found guilty. Mr. Brackman was also arraigned on a charge of consorting with a prostitute and his trial was to have occurred yesterday but was continued pending a decision of Mrs. Davis attorney on what course to pursue relative to an appeal to the county court. Mr. Brackman however decided later to submit his case and pay the required fines in both cases which he did this morning through his Ada constituency. The fines and costs in both cases amounted to \$45.10.

It is stated that the Law and Order league will be rejuvenated and that the entire pressure of its influence will be brought to bear on the sheriff's office in the undertaking to secure the strict enforcement of the law.

VISIT OKLAHOMA CITY

Dr. and Mrs. LeFevre Will Attend the Oklahoma Field Meet to-morrow.

Dr. and Mrs. Frank LeFevre went to Oklahoma City this afternoon where they will witness the event of the Oklahoma big field day tomorrow. One of the interesting features will be the ball game between Epworth University at Oklahoma City and the State University at Norman. Sam LeFevre the athlete and young Hercules will pitch the game for Epworth. It is conceded in advance that Sam will carry off the honors in several of the single effort contests. He is at this time probably the longest disk thrower in the United States.

TEMPERANCE RESOLUTIONS
AT LOUISVILLE

BAPTIST CONVENTION DEALS THE
LIQUOR TRAFFIC A STRONG
BLOW.

The Saloon Has No Place in Civil-
ized Communities Say Con-
vention Delegates.

Probably the strongest temper-
ance resolutions ever passed in this
country were those submitted to the
Baptist National convention just
closed at Louisville, Kentucky.

The report of the committee on
temperance was read by J. B. Polk
of Nashville, as follows:

"There is expended every year for
strong drinks something over \$2,000-
000,000. Among the results of this
traffic in intoxicating liquor are the
loss of 100,000 lives each year, 95
per cent of the murders in the coun-
try, 75 per cent of all crimes, 75
per cent of the divorces and 45
per cent of insanity. With such results
can anyone expect the followers of
Christ to sit by and see this traffic
continue without offering any pro-
test against that traffic and doing
everything to destroy it? Whoever
so expect simply does not understand
the genius of Christianity, whose fun-
damental policy is extermination of
the bad as well as the upbuilding of
the good."

"To the task of destroying this
traffic, that it may no longer be, as
it has been the greatest obstacle to
the progress of the kingdom of our
Lord, the churches of Christ have
concentrated themselves and will
never cease their efforts until every
vestige of the accursed traffic is
abolished from our land."

"We are glad to report that six of
the fifteen states comprising the ter-
ritory of this convention have al-
ready abolished the traffic entirely,
front their borders, while all the oth-
ers have abolished it from a large
proportion of their territory. We con-
fidently expect the time to come
soon when every vestige of this li-
quor traffic shall be abolished from
every part of every state in the
boundaries of the country."

"That the traffic, and especially its
concomitant representative, the sal-
oon, has no place in a civilized com-
munity, no business in a christian
country. It is an anachronism, a
barbarism. From a moral, religious,
scientific, economic and political
standpoint the saloon has not one
redeeming feature. It is a parasite,
a nuisance, the center of all vice,
the radiating point of all evil influ-
ences, the breathing home of the
devil, a monster of injury, iniquity
and impurity."

"Saloon Must Go."

"The saloon has sinned away its
day of grace if it ever had any, and
now the times has come when the
saloon must go."

"But how? Temperance means three
things.

- "1. The moderate use of that
which is good.
- "2. Total abstinence from that
which is bad.
- "3. Helping others to abstain. We
may help others in two ways—by je-
gal suasion and by moral suasion.
Moral suasion means keeping the boy
out of the way of temptation. Legal
suasion means keeping temptation
out of the way of temptation. It is
a better thing to keep temptation
out of the way of the boy."

"To the end that the liquor traffic
may be abolished, we recommend:

- "1. That we cordially commend
the effective work of the Anti-Saloon
League and other organizations seek-
ing the suppression of the traffic and
give to them our co-operation and
support to the extent of our ability."
- "2. That we earnestly request the
proper officials of our National gov-
ernment not to issue privilege taxes
for the sale of liquor where its sale
is prohibited by the laws of the
state."

Dry Territory Shipments.

- "3. That we urge our Senators and

representatives in congress to pass
some effective measure besides the
amendment to the penal code adopted
by the late congress to prevent the
shipment of liquor to dry territory.
"4. That standing committee on
temperance be appointed to report at
the next session of the convention,
and that a report on the subject be
made a part of the regular order of
business of the convention.
"5. That we urge people every-
where not to vote for anyone for
any office who is known to be in
sympathy with liquor traffic.
"God hasten the day when the li-
quor traffic shall be completely abo-
lished from our Southland, our coun-
try and from all the world."

Dallas Man Reads Report.

M. H. Wolfe of Dallas, Tex., a bus-
ness man who has given largely of
his time and means to the Baptist
laymen's missionary movement, read
a report of the committee on system-
atic beneficence at today's session.
The report urged that church men-
bers alive regularly of their means
every week. Though they have twelve
months in which to make their con-
tributions, one-third of the receipts
for the church are given in April the
last month of the church year.
The rosters of the mission boards
approved and adopted at the ses-
sion include:

Foreign mission board, Richmond
Va.; President, J. B. Hutson, Virgin-
ia. State vice presidents include: W.
P. Yarbrough, Mississippi; J. L.
Gross, Texas; Sam H. Campbell, Ar-
kansas; A. E. Reimer, Louisiana; T.
B. Harrell, Oklahoma.
Home mission board, Atlanta, Ga.;
J. F. Purser, president. State vice
presidents: George W. Truett, Texas;
H. A. Summerall, Louisiana; W. T.
Ames, Arkansas; Carter Helm Jones,
Oklahoma; R. H. Tandy, Mississippi.
Sunday school board, Nashville,
Tenn.; E. B. Folk, Tennessee, pres-
ident. State vice president: C. V. Ed-
wards, Louisiana; A. Kimbrough,
Mississippi; J. T. Christian, Arkan-
sas; P. W. Burroughs, Texas; W. W.
Chancellor, Oklahoma.

NATIONAL BANKS DECREASING.

Statement April 28 Shows 242 as
Against 309 May 14, 1908.

Washington, May 19.—The state-
ment of the National banks of Okla-
homa at the close of business on
April 28, shows that there are but
242 National banks in the state
against 309 banks on May 14 1908.
Since the bank statement of Feb. 5,
sixty-seven National banks gave up
their charters, presumably to become
state guaranty banks.

The change in the principal items
of the Oklahoma banks since the state-
ment of Feb. 5 and one year ago May
14, 1908, are as follows:

Individual deposits, loss of \$721,978
since previous statement, but a gain
of \$651,339 over last year.
Loans and discounts, decrease of
\$625,300 since previous statement and
loss of \$1,055,590 over last year.
Total resources, loss of \$3,060,865
since Feb. 5 and loss of \$2,422,456
since May 14, 1908.

The statement of the Texas Na-
tional banks outside of the six re-
serve cities shows an increase of
nearly \$3,000,000 over the statement
of Feb. 5, but the individual deposits
show a decrease of more than \$6-
000,000 since the previous state-
ment. The total resources also show
a decrease of approximately \$5,000-
000. This report is based on the re-
port of 493 banks as against 492
banks reporting in February.

GAMBLING DIVE RAIDED.

Officers Fail on Arrests But Para-
phernalia is Seized.

Chief of Police George Oulver and
deputies W. W. Naylor and Joe Fos-
ter last night raided the gambling
apartments in the Breckenridge
building on Broadway. They failed to
make any arrests for the reason that
the participants had not all arrived
and the game had not started, but
the paraphernalia was burned on the
street. The officer who was inter-
viewed stated that he was not infor-
med as to the identity of the person
who was conducting the place or to
whom the equipment belonged. While
no one was caught in the act, the
remains on Broadway are significant,
for beneath an ash heap can be
seen a molten mass of poker chips
and the surviving remnants of a deck
of cards.

Horse Thieves Captured.

Oscar Collins, deputy sheriff will
arrive here tomorrow from Pauls
Valley with the Lee brothers, who are
wanted here on a charge of horse
stealing. They were arrested by the
authorities in Pauls Valley and placed
in jail to wait the action of Pon-
totoc county officials. The crime
with which they are charged was
committed in this county several
months ago.

STATE BANKERS' ASSOCIATION.

President A. D. Kennedy Makes Ad-
dress in Favor of Harmony Be-
tween State and National
Banks.

Enid, Ok., May 19.—The sessions of
the State Bankers' Association today
have been full of interest. The ses-
sion this morning was opened by in-
vocation by Rev. Richard Kemp,
followed by an eloquent address of
welcome by Hon. Edmond Frantz,
which was responded to by J. M. Hal-
comb of Oklahoma City. President A.
D. Kennedy of Okmulgee made his
annual address and in it dealt
strongly in favor of harmony be-
tween the state and National banks.
The reports of the secretary and
Treasurer showed the association of
be in splendid condition. The after-
noon session opened with an ad-
dress by Hon. A. M. Young, State
Bank Commissioner, but the chief
interest centered in the address of C.
R. Breckenridge of Fort Smith,
whose subject was postal savings
banks. He was positively against that
system and did not believe it would
be a good thing for the people or
the government.

He touched on the guarantee law
and spoke at length on it. He ad-
vocated a guarantee, but does not be-
lieve that it should be by the gov-
ernment or state, but that it should be
by a corporation and that it should
be optional, mutual and co-operative.
His remarks were well received.
Tonight a grand ball is being given

the visiting bankers and their da-
dales.

Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

ADA'S NEW RAILROAD BUILT BY ADA PEOPLE

ADA TERMINAL RAILWAY CO. WILL START CONSTRUCTION IN FEW DAYS.

MEANS MUCH TO THIS CITY

Will Cost Ada Citizens Between \$20,000 and \$30,000 but All the Money Will Be Returned.

In order to get the O C railroad built into town it will be necessary for the citizens to furnish the money necessary to build it at least to the amount of twenty thousand dollars. For that purpose it is proposed to organize and incorporate the Ada Terminal Railway Co. with a capital stock of thirty five thousand dollars twenty thousand of which will be necessary for the citizens of Ada to take. The Ada Terminal Railway Co. it is proposed will then make a contract with the receiver of the O C R R Co. whereby he is to operate this branch of the road from the main line into town in connection with the O C railroad.

To every person subscribing to the capital stock of the Terminal Railway Co. for all money paid in he will receive coupons issued by the receiver of the railway company which will bear interest at the rate of 8 per cent and be redeemable by the receiver of the O C R R Co. or by his successor or the purchaser of said railway in the event it should be sold. Under this contract with the receiver for the purpose of redeeming these coupons one-half of the O C R R Co's part of all receipts in and out of Ada is to be applied to retire these coupons and such interest as may accrue on them.

For the purpose of seeing that the subscribers to the Terminal Railway Co. are safe and fully protected in subscribing and paying their money in to the Terminal Railway Co. the firms of Flynn & Ames of Oklahoma City and McKee & Dunsmuir of Ada have been employed and they are now going over the papers for that purpose.

By this method the O C can be built into the town without any actual expense to the people as the coupons issued by the railway company will be safe and good for the return of the money expended as well as 8 per cent interest on same.

The charter for the Ada Terminal Railway Co. is now in force of preparation and will be filed with the secretary of state in a few days. The question of securing subscribers to the stock of Ada Terminal Railway Co. will doubtless come up in a short time and the people will have an opportunity to show whether or not they want the O C built in to town.

It is estimated that the receipts of the office at Ada will in all probability pay back the money so expended within six months and it is absolutely sure it will do so in 12 months.

A H Hartman was in the city prospecting for location yesterday.

PERSECUTING THE GOVERNOR.

Action of Federal Government in Alleged Town Lot Fraud Cases Criticized.

Guthrie May 18.—The attempt on the part of the federal government to persecute Governor Haskell and his associates is being severely criticized here. The latest move that of dismissing a grand jury because they failed to see enough evidence to warrant a trial bill and the summoning of another grand jury in the hope that it will be more pliable is regarded by many as an unwarranted and tyrannical action. Every attempt of this character serves to strengthen the governor's hold upon the affection of the people and even though the federal government succeeds in finding a jury that will finally do the will of the persecutors in this matter there is fear of an ultimate reaction.

If you need any lace curtains it will pay you to place lace curtains at the Grand Leader.

To Plead Own Case.

Kansas City May 19.—Judge you honor I pray you when it comes my time to testify for myself I pray you please hear my humble testimony with patience Amen.

This note was written in court here today by John Sharp the religious fanatic whose battle with the police here last December resulted in five deaths and who is now on trial for murder. Judge Latschew has promised Sharp that he will be allowed to plead his own case. It is expected a jury will be completed tomorrow.

One Dollar Will Make You Two in Glenwood

The Big Fortunes in Oklahoma have been made in City Property--not in one city alone but in dozens of them. Ada is a comer--come along

The splendid growth of Ada is creating a constant demand for resident lots. This reason impels us to place on the market the beautifully located

Glenwood Addition

Located on the North side of Main street, four blocks west from business on high, well drained ground overlooking Glenwood Park to which the city has a deed and will immediately proceed to beautify with grassy lawns, flower beds, graveled drives, shade trees, rustic bridges, a lake, pavillion, etc., making it the

Beauty Spot of Ada

and Glenwood Addition the choicest residence section. The great argument used by cities in favor of the creation of parks is that it doubles the value of real estate in the vicinity, thus giving enough increased assessable values to take care of the cost.

The money is in the City Treasury to make these park improvements and when they are completed you will see a rapid rise in Glenwood lot prices.

Buy Now

and get the advantage of the increase

Don't Wait

to see if these things are going to happen for if you do prices may be out of your reach and you will have lost another opportunity.

No Matter

Where the various industries may locate you are central and not dependent upon any single one but have the entire city behind your property value. The best property is close in property and especially where it is as good as the best and as cheap as the far out property.

This is the last opportunity for the better class of people of limited means to secure a choice home site close in for a small amount of money.

"A prophet is not without honor save in his own country and in his own house."

So it is with many of the people of Ada, they do not appreciate or realize what we already have behind our city nor the varied and substantial resources we have upon which to base our future growth.

No City in Oklahoma

of double the population of Ada can show as large a pay roll.

The inspector for one of the leading city loan companies remarked to the writer a few days ago that nowhere in Oklahoma in towns of similar size to Ada was property as cheap and that an increase in values was sure to come.

Ada has never been advertised but its light will not always be hid under the half bushel. The city is beginning to be talked about as one of the goodcities of the state with a bright future.

SOMEWHERE in southeast Oklahoma a large city is going to be built. Study your map and you will find that Ada has the advantage of location. Nature gave it to her. The ride between the two Boggies and Sandy gave us the Frisco. Being at the head of Boggy gave us the Katy and the gap south of town gave us the Oklahoma Central. We are in the pathway to the coal and the gulf. Other roads will come because of what we have. Factories will come because of our railroads and raw material. Wholesale houses will come because they can reach more customers out of Ada than elsewhere. History will repeat itself here the same as in other new countries. Its merely the law of supply and demand--that of supplying the demands of each section through these centers of distribution.

More good things are looming up--the impetus is gathering that will whoop along the growth of Ada and make its property owners rich. It will be your own fault if you are not one of them. Glenwood lots are within the reach of all and your profit is certain. Don't miss this opportunity.

MOTION TO OUST GREGG IS DENIED

CHARGES WILL BE FILED WITH THE DEPARTMENT OF JUSTICE.

Though Motion for Investigation Was Overruled Gregg Practically Admitted the Charges.

Tulsa, Ok., May 19.—After an intensely dramatic half hour, Judge Marshall late yesterday denied Gov. Haskell and other Muskogeanas, the demand for an investigation to impeach United States Attorney Gregg on account of his conduct before the grand jury and the charge made by Gregg that improper influences had been brought to bear on the jury dismissed Saturday.

Sat With Bowed Head.

While Judge Stuart of McAlester, chief counsel for Haskell and others were scathingly arraigning Gregg in open court, the district attorney sat with bowed head, nervously mopping his brow with his handkerchief. The motion presented by Stuart denied the improper influence as charged by Gregg but instead charged Gregg with being deeply prejudiced personally against the defendants, so much so that a fair hearing was impossible. Affidavits were submitted in which Gregg is alleged to have told Judge Poe of the district court of Tulsa county that he wanted to "get Haskell and his bunch" and that no one else would be disturbed in the other towns of the Creek nation. Another affidavit accused Gregg of having said he would have Hutchings put in "pen" if it took fifteen years.

Gregg Is Seored.

Gregg's connection as stockholder and director of the Tulsa Daily World and the assertion that he controlled the policy of that paper in furtherance of the government's prosecution in the town lot cases and that by editorials and obnoxious cartoons, sentiment in favor of the government had been created, was charged. Also that an alleged interview in a Muskogee newspaper with Gregg in which he was quoted as saying the grand jury was discharged because his statements of the misconduct and his expose of the Iroquois club had been maintained by the court.

After Stuart finished, Gregg arose, beads of perspiration standing out

on his head and after a few seconds began in a low voice and denied the allegation in general and wound up by practically admitting everything. He said he had been misrepresented by the press and denied the language of the interview in the Muskogee paper, but admitted seeing a reporter. He admitted his connection with the Tulsa World, but said he owned but one share of stock. He practically admitted the conversation with Poe, but denied he was persecuting Hutchings.

In denying the motion for a thorough and fair investigation the court declared the district attorney was an appointee of the president, who had a right to remove him and that the prosecutor was not expected to be impartial and that specific evidence must be submitted before an investigation would be ordered. The charges against Gregg will be filed at once with the department of justice.

STATE WINN POINT

Demurrer Against Mubed Indictment Overruled by Judge Rosser.

Shawnee, Okla., May 19.—After a day of argument on the demurrer of the defense to the sufficiency of the indictments against District Judge Mahen, Judge Rosser this evening overruled the demurrer and called the petit jury. Before adjournment seven jurymen had been accepted. It is thought that the taking of testimony will begin tomorrow. Beginning with tomorrow night evening sessions will be held.

The defense made much of their demurrer, arguing that the acts alleged in the indictment did not constitute an offense, as the allegation of the indictment is that Judge Mahen accepted money to influence his acts as district judge, and that a district judge has, under the law, no jurisdiction over liquor cases. The district judge in empaneling a jury are not purely ministerial, but largely of a judicial character, and that a district judge may exercise influence in such cases--influence of an insidious character, in that they are exercised before trial, and are consequently not in the open. The court held with the state.

Remember tomorrow, Saturday and Monday, 3 big, big bargain days at the Grand Leader.

TULSA GRAND JURY IS NOW COMPLETE

MOTION TO QUASH IS AGAIN OVERRULED.

Motion Was Made on the Grounds That the Jury Was Illegal.

Tulsa, Ok., May 19.—Court convened at 2 o'clock this afternoon, and the work of impaneling the third special Grand Jury, begun yesterday in the Muskogee land cases was resumed and completed. By 4 o'clock the Grand Jury was in the jury room and tomorrow will get down to business.

The following men compose the Grand Jury: S. I. Davis, Stuart; George Hightower, Barren; S. A. Bennett, Bartlesville; W. T. Bailey, Pryor Creek; J. A. Jacks, Rush Springs; D. Pierson, Grove; William Lee, Ramona; Cland Thompson, Grove; J. W. Woods, Hugo; E. T. Elison, Catoosa; Frank Franklin, Vinita; J. C. Burgess, Pryor Creek; J. H. Dixon, Big Cabin; A. G. Dumas, Fairland; G. W. Strain, Wagoner.

Mr. Strain was appointed foreman of the grand jury. A terrific hail storm came up during the impaneling of the grand jury, making so much noise that it became necessary to suspend proceeding for half an hour. Judge Marshall's instructions to the Grand Jury were very exhaustive. He went at detail into the statute defining conspiracy to defraud the government, also explained how the three years' statute of limitation could be interpreted to include cases committed many years ago as were the alleged cases under investigation. He also explained the Creek agreement by which non-citizens obtained the right of title of property in the Creek Nation townsites and closed by warning the grand jury against improper influences. He laid stress upon their oath and slowly and emphatically said:

"Do your duty as prescribed by the oath you have taken."

"Nothing short of an honest discharge of your duty will be sufficient."

Again counsel for the defense made an unsuccessful attempt to have the grand jury quashed. This time it was cited in the motion to quash that the grand jury was illegal. First, because

it had not been drawn under the Arkansas law in force over Indian Territory when the alleged offenses were committed. Second, that section 13 of the enabling act providing for the State of Oklahoma, according to the idea of the committee which drew it was designed to mean that there should be but one Federal Grand Jury drawn for a case. Judge Marshall held that such an interpretation of the clause in question in the enabling act was manifestly unfair to every man who might be seeking an investigation and trial at bar and also in conflict with the General Federal statutes on Grand Jury which provides for as many Grand juries as may be deemed necessary.

Seven witnesses from Danville, Va., were examined this afternoon. The grand jury is holding a night session and may get through with the Virginia witnesses tonight. They have been called on the Hutchings-Turner case.

JIM WINTERSMITH ILL.

A Complete Break Down--Will Be Compelled to Go Away for Rest and Treatment.

Mr. James Wintersmith, treasurer Oklahoma Portland Cement Co., who has been seriously ill since his collapse at the burial of the late Dr. Drowall, will leave for Hot Springs or French Lick for rest and treatment, when considered strong enough to travel.

The reason of Mr. Wintersmith's break down is ascribed as resulting from his continued onerous duties at the big mills and the necessary nightly vigils during many months at the side of his baby son, who, until recently, was a poor little invalid, but is now about the lustiest kid in town, almost strong enough to whip his dad.

Offers to Surrender.

Guthrie, Okla., May 19.—Chitto Harjo, or Crazy Snake, has sent word to Col. Roy Hoffman, offering to surrender and Bill Tilghman of Chandler, has been dispatched to bring him in. This does away with the theory that he was killed in the recent search for him.

H. H. ROGERS DIES IN NEW YORK CITY

CAREER OF OIL AND COPPER MILLIONAIRE CLOSED BY DEATH.

A Man Who Was a Financial Wizard and World Renowned Promoter.

New York, May 19.—Henry H. Rogers, vice president of the Standard Oil Company, moving spirit in the organization of the Amalgamated Copper Company, builder of railroads and philanthropist, died at his home here at 7:20 o'clock this morning from a stroke of apoplexy.

Death came a little more than an hour after Mr. Rogers had arisen for the day and mentioning to his wife that he was feeling ill. At 7 o'clock he lapsed into unconsciousness and before the family physician arrived he was dead. Mr. Rogers was 69 years old. Mrs. Rogers, three married daughters, a son, H. H. Rogers, Jr., and Dr. W. J. Palfrey, a physician, who was hastily summoned, were at the bedside when the end came.

Second Apoplectic Stroke.

While Mr. Rogers' death was sudden and unexpected, he had been in indifferent health since he suffered an apoplectic stroke in 1907, and was almost constantly under a physician's care. His end at this time, however, was a great shock to his family and business associates, as yesterday and last evening he was cheerful and apparently normal, even to the extent of going down to business yesterday morning, where he lunched as usual in the Standard Oil Building.

In the evening he visited the homes in the city of two of his sons-in-law, Urban H. Broughton and William R. Coe, where he played with his grandchildren, and later returned to his home for what proved the last mortal sleep.

At the time of his death, H. H. Rogers held the following offices in and connections with various corporations.

One of the largest stockholders and vice president and director of the Standard Oil company.

President and director of Amalgamated Copper company, National Trust company, National Fuel Gas company, New York Transit com-

pany, Richmond Light and Railroad company.

Vice president and trustee of the Anaconda Copper mining company.

Vice President and director of the Brooklyn Union Gas company, vice president and director of the United Metals Selling company, trustee of the Mutual Life Insurance Company of New York.

Director in United States Steel corporation, Atchison, Topeka and Santa Fe railroad company, Chicago, Milwaukee and St. Paul railroad company, Union Pacific Railroad company, New Jersey and Staten Island Ferry company, Rapid Transit Ferry company, Staten Island Ferry company, Atlas Tack company, Farmers Loan and Trust company, Guaranty Trust company, Mutual Alliance Trust company, National Bank of Fairhaven, N. Y., Carbide and Acetylene company, Richmond Copper company, Richmond Copper company, Tennessee Copper Company.

He was also vice president of the Atlantic Coast Electric railway.

To Test "Jim Crow" Law.

Pawhuska, Ok., May 19.—Claiming that he was an interstate passenger and therefore had a right to ride in the white coach to his destination, and also alleging that the Jim Crow coach was not equal in points of comfort and convenience to the coach provided for the white passengers, James Thomas of Arkansas City has commenced action in the Osage county court here for \$5,000 damages against the Midland Valley railway company. The plaintiff is a negro, who bought a ticket in Arkansas City for Tulsa. He boarded a white coach at Arkansas City and rode in it across the state line into Oklahoma. When the train arrived at Pawhuska the conductor caused the negro to be arrested and brought into court on the charge of riding in a coach designated for white passengers. He was acquitted and now brings suit against the company. His attorneys are Mitchell and White of Pawhuska.

Notice.

In answer to the constant inquiry as to my associate since the death of Dr. Browall, I desire to state that within a few days, I shall have with me a competent physician and surgeon, one whom I feel is high class in every respect. W. D. Faust.
